Plants are being sourced primarily through Johnson's Nursery in Menomonee, WI.

*Fruit trees are not native species, but make an excellent addition to a sustainable landscape!

Orders are placed and received almost monthly through October/November.

Note on pot sizes:

#1 = 1 gallon pot

#3 = 3 gallon pot

#25 = 25 gallon!

and so on....

#25 is about as large as they can get before becoming a heavy b&b specimen. These large pot sizes are very manageable to move and plant with 2 people and will require a truck or trailer to move as they can be quite tall. Nothing you can't manage with some protective tarps and ratchet straps though ;)
